Date: _____

Period: _____

Lesson 5 – Worksheet
Subtracting Negative Numbers

1.) Fill in the number line below. Then use it to show that

$$6 - (-1) = 7$$

2.) Fill in the number line below. Then use it to show that

$$3 - (-8) = 11$$

3.) Fill in the number line below. Then use it to show that

$$-4 - (-6) = 2$$

4.) Fill in the number line below. Then use it to show that

$$-7-(-3)=-4$$

5.) Fill in the number line below. Then use it to show that

$$-8-(-8)=0$$

6.) Solve the problems below (try without a physical number line, but think of it in your head as you're solving the problems):

a.) $-4-(-33)=$

b.) $61-(-27)=$

c.) $1000-(-765)=$

d.) $-88-(-43)=$

e.) $-804-(-891)=$
